SENATORS FIGHT IN PHILIPPINES

Police Called to End Riot After Session

Legislators Engage in Fistic Battle

More Trouble is Expected to Follow Dispute

(BY WALTER WILGUS)
(BY CABLE AND ASSOCIATED PRESS)
MANILA, Dec. 5.—Police reserves were called out last night to suppress a riot in the Philippine Senate when Gen. Jose Alejandrino, appointed to the Senate by Gov. Gen. Leonard Wood, and Senator Vicente De Vera, Coalitionist, engaged in fistfights in which many other Senators participated.

Gen. Alejandrino is a revolutionary hero and the commander of Jose Rizal. For two days the Coalitionist majority has quibbled over the general's credentials. They professed not to believe that his appointment was legal, called him the Senator from the Wood district and other epithets.

They refused to recognize him when he rose to speak.

Rumors of serious trouble were rife yesterday, following a reported statement by Gen. Alejandrino that he would punch Manuel Queson, President of the Senate, in the jaw if he was not recognized. Police and plainclothes men fled into the Senate, fearing gunplay, as it is an open secret that most of the legislators tote guns.

During last night's session, Senator De Vera was making a speech when the general entered. The Coalitionist looked toward the officer and said:

"He enters quietly, perhaps because his conscience is full of remorse."

Immediately after the session Gen. Alejandrino is alleged to have swung on Senator De Vera's jaw. In the general mix-up which followed, the Chief of Police of Manila and the chief of the secret service, with reserves, rushed to the Senate. The combatants retreated, but further trouble is anticipated.

Revolt Said to be Brewing in Mexico State

(BY A. P. NIGHT WIRE)
EL PASO (Tex.) Dec. 5.—Reports that Gen. Manuel Pelaez is behind a revolutionary movement in the Tampico district in behalf of the old Carranzista faction are in circulation along the border, according to La Patria, a local Spanish-language newspaper.

La Patria's version of the alleged conspiracy is that the Carranzista element on the border is taking part in the Presidential controversy in Mexico, laying the foundation for an armed rebellion against the established government.

Statements that revolutionary justifications in this country have been taken with a grain of salt, the local newspaper is informed, it said.

DIPHTHERIA CAUTION SENT OUT BY BOARD

HEALTH AUTHORITIES SAY TOXIN-ANTITOXIN SHOULD BE ADMINISTERED

(BY A. P. NIGHT WIRE)
SACRAMENTO, Dec. 5.—Every child in California should be given toxin-antitoxin immediately, advises the State Board of Health in its weekly bulletin, just off the press.

"During the past five years there have been 30,153 cases of diphtheria in California, with 2,143 deaths," says the bulletin. "Most of these cases and deaths from this disastrous disease can be prevented by giving children this protection against diphtheria, which is afforded by toxin-antitoxin. It is harmless and is as effective as vaccination against smallpox or typhoid."

A total of 338 cases of diphtheria were reported to the State Board of Health last week. It is denied, however, that an epidemic threatens. Of the 338 cases, 101 are in San Francisco, Berkeley and Oakland and 41 in Stockton. Sacramento reported but one case.

Toxin-antitoxin and antitoxin are two different products, or serums, the health board points out.

RUSSIAN CONSUMERS ORDER IMPLEMENTS

RUMOR RIFE THAT BRITISH AND AMERICANS WILL FORM BANK

(BY A. P. NIGHT WIRE)
NEW YORK, Dec. 5.—Officials of Centrosyus-American, Inc., American representative of the Russian Consumers' Co-operative Society, announced today that the Russian organization recently had placed several large orders for American agricultural implements.

The difficulties encountered by American exporters in financing sales to Russia, lends some strength to reports, current in Wall Street for some time, that a group of American bankers, in conjunction with British bankers, contemplate the formation of a Russian bank.

It is understood that Willard Hein is in New York to represent British banking interests in conference over the project. Wall Street bankers, however, either profess ignorance of the plan, or say there is nothing to give out at this time.

ASKS SUFFRAGE OF PRESBYTERY

Petition Being Circulated by Church Women

Action Expected at General Assembly in May

(BY A. P. NIGHT WIRE)
CLEVELAND, Dec. 5.—A movement, fulfillment of which would give women equal representation with men in the legislative bodies of the Presbyterian church of the United States, was disclosed during today's sessions of the National Presbyterian Conference here.

A petition embodying a request for such representation has been forwarded to the General Assembly of the church by the executive board of the Women's Missionary Society of Cincinnati, Mrs. Mary Louise Blinn, its president, announced. The petition is also being circulated among members of the societies of other Presbyteries.

ACTION EXPECTED IN MAY

The petition which constitutes the first attempt of Presbyterian women to obtain equal suffrage within the church, probably will be acted upon at the meeting of the General Assembly at Grand Rapids, Mich., next May.

Besides giving women an equal voice with men in legislative matters, the petition asks that a Women's Missionary Society of the Presbyterian church of the United States be created with authority to appoint women to sit on the boards of the assembly, instruct its representatives, publish an official organ and have control over the funds with the missionary societies collect—powers now held by the national and foreign missionary boards appointed by the assembly.

The movement, Mrs. Blinn said, has the sanction of the Cincinnati Presbytery.

APPORTIONMENTS MADE

Apportionment of the \$15,000,000 budget for the next fiscal year among the forty-six synods also was completed today under a new method in which the ability of the synods to pay, their willingness to contribute and the size of their congregations were taken into consideration.

Pennsylvania, with \$2,467,327 was assigned the largest quotas. Sessions will close tomorrow when a "findings" committee appointed today is to present resolutions among which it is expected to be one affirming the belief of the church in the "fundamental truths" of the Bible rather than the interpretations of "liberals."

MURDERED WORKMAN DISCOVERED IN LAKE

(BY A. P. NIGHT WIRE)
KLAMATH FALLS (Or.) Dec. 5.—Authorities were investigating today the mysterious death of J. R. Feliz, box factory worker, whose body was found last night in Klamath Lake near Algoma. The body, weighted with three steel rails, was only partially submerged. The skull was crushed with a rock or blunt instrument, the Coroner's jury said.

Feliz was last seen alive November 26 last, when he left the Algoma Lumber Company's employ, saying he was going to Klamath Falls for treatment.

BEER RUNNERS AT CHICAGO DON ARMOR

(BY A. P. NIGHT WIRE)
CHICAGO, Dec. 5.—Armor is coming into use among beer runners operating in and out of Chicago, police have heard from "insiders," who predict another outbreak in the city war between rival rum runners. It is said that a chauffeur for the aggressors in the feud has provided himself with a bullet-proof breastplate in anticipation of a battle.

GOVERNOR OF OREGON NAMES HARDING WEEK

(BY A. P. NIGHT WIRE)

FIRST SNOW OF SEASON IN ILLINOIS

Central Part of State Visited by Flurry; Storm Warning on Great Lakes

(EXCLUSIVE DISPATCH)
PANA (Ill.) Dec. 5.—Central Illinois is being visited by the first snowstorm of the season today. Snow has been falling since 6 a.m.

CHICAGO, Dec. 5.—Storm warnings were hoisted on lower Lake Michigan, Huron and Erie today, while the drizzle which swept Chicago for the past three days was forecast to turn to real rain and probably snow during the night.

Colder weather in the Chicago district is expected, with a temperature near freezing tonight. The strong northerly winds which blew off the lake today were to continue throughout tonight and diminish Thursday.

Yesterday the storm center was near Cairo, but this morning it was reported moving up the Ohio Valley with attendant precipitation covering the whole district between the Mississippi Valley and the Atlantic Coast.

Grapes Result in Huge
Production Deficit

(BY A. P. NIGHT WIRE)
SAN FRANCISCO, Dec. 5.—Four
hundred and sixty farmers in the
San Joaquin and Sacramento Val-
leys of California, who employ
modern methods of agricultural
accounting, balanced their books in
"red ink" after the 1923 harvest.
D. H. Gray, an agricultural and
horticultural accounting expert,
testified here today before an Inter-
state Commerce Commission inves-
tigation into the petition of Cali-
fornia fruit growers for lower rail
rates to points east of Denver.
Gray, who operates an orchard in
Kings county, said that neigh-
boring orchardists there estimated
they lost less by permitting the
1923 fruit crops to rot on the trees
than if they were marketed.
Other witnesses from the San
Joaquin Valley submitted accounts
to show their financial conditions.
B. E. Knapp, president of the San-
ger Fruit Association, who farms
thirty acres, testified he paid an
income tax for 1922 of \$2.55. In
1923 he obtained less for his crop
than in the previous year and all
operating costs were the same, he
said.

George W. Day, Reddley vine-
yardist, submitted a table showing
that the 1923 crops of grapes of
California cost the growers \$14.98
a ton to produce, while he received
but \$26.67 a ton.
Testimony was submitted to show
that the selling price of Muscat
grapes since 1920 has dropped from
\$65 a ton to the grower to \$18 in
1923.

MOSES FOSTERS HAGUE TRIBUNAL

Irreconcilable Senator in
Warm Discussion

Opposition to League Court
Given Outlet

Denounces United States for
Forsaking Own Idea

(BY A. P. NIGHT WIRE)
NEW YORK, Dec. 5.—Develop-
ment of a World Court at The
Hague in place of that set up un-
der the League of Nations, was
proposed here tonight by Senator
Moses of New Hampshire in an ad-
dress at the annual dinner of the
American Association of Woolen
Manufacturers.

Senator Moses, an "irreconcil-
able" of the Senate Foreign Rela-
tions Committee, and chairman of
the Republican Senatorial Cam-
paign Committee, is understood to
have discussed his views with oth-
er Republican leaders in the Sen-
ate in connection with the pend-
ing World Court proposal from
President Harding.
Stating that America had spon-
sored The Hague tribunal, Sena-
tor Moses asked:
"Why should we turn our back
upon a child of our own creation
in order to fondle the rag dolls of
foreign diplomacy?"

SEPARATION IMPOSSIBLE
Senator Moses declared the
World Court could not be dis-
tangled from the League of Na-
tions by a reservation or any tex-
tual amendment short of the de-
struction of the entire protocol.
"Like the Treaty of Versailles,"
he said, "the League Court carries
obligations which the United States
cannot undertake—unless we are pre-
pared to repudiate the verdict of 1920 and
to take the first step toward a path
which leads to the vortex of close
and inescapable entanglement in
European problems."

"Yet those of us who recognize
the facts and who have the temer-
ity to assert them, are character-
ized as humbly strident, and
politically paralyzed. We are ac-
cused of mere obstruction and are
taunted with having no construc-
tive plan to offer, that against one
which promises so high a return
that nothing short of an interna-
tional blue-sky law can properly
interfere with its operation."

VISION SEEN

"But from my point of view, I
look beyond the proposed League
Court and I see another tribunal,
in the creation of which the Uni-
ted States had no small part, and
to the strengthening of which the
United States later made the great-
est contributory suggestion, sug-
gestion which was rendered nega-
tive only because other nations
were not then sufficiently enlight-
ened, or sufficiently chastened to
meet our advanced opinion. The
Hague Tribunal, of which I am
speaking, has a long and honored
record."

"We are daily assured by those
who wish to profit by our power
and our authority, that we pos-
sess the moral leadership of the
world. If so, why not assert it—
in better phrase, why not reassess
it—by turning us to The Hague
tribunal, a living body, which needs
only to be nurtured to become
what we once sought to make it?"

Newspaper Only Next to Baby in Human Interest

(BY A. P. NIGHT WIRE)
CHICAGO, Dec. 5.—Next to a
baby, a newspaper is the most in-
teresting thing on the planet, "be-
cause it is so alive, so human,"
Prof. H. F. Harrington, director of
the Medill School of Journalism of
Northwestern University, said
in an address broadcast by radio
tonight.

"Do not make the mistake of
calling the newspaper dull because
you do not enjoy all the things it
prints," he said. "No one read-
er enjoys all news in equal mea-
sure but there is enough mixture
of substantial information, pleas-
ant diversion and profitable discus-
sion to please almost everybody."

Seven Killed in Clash of Ruhr Mob and Police

(BY CABLE AND ASSOCIATED PRESS)
BERLIN, Dec. 5.—Seven persons
were killed and thirty wounded in
a clash today between unemployed
and the police at Wanne, West-
phalia.

The unemployed, discontented
over the amount paid them as un-
employed doles, tried to storm the
Town Hall. They attacked the po-
lice with stones and revolvers,
whereupon the police returned
their fire. French troops finally
restored order.

THE CHANCE YOU WANT

To Put Your Savings Into a Home
and Business of Your Own

A UNIT of choice bearing orange or
grapefruit groves on the scenic
Fontana Estate, 2 hours by auto-
mobile from the center of Los Angeles,
will provide for you an ideal country
homesite at a figure the average man or
woman can afford to pay. Check this
last statement and see how true it is.

And this will not be merely a homesite,
but a fruit and poultry estate that will
produce for you a steady, year-in-and-
year-out income upon which you can live
comfortably.

The Fontana Estate is a highly developed,
diversified fruit, poultry and livestock
property, 24 square miles in area, situ-
ated on the highest valley land between Los
Angeles and San Bernardino—a beautiful
upland district with delightful climate and
scenic surroundings of the greatest charm.
Seventeen years and \$6,000,000 have been
spent in developing and beautifying the es-
tate. Irrigation is of prime importance in
making California land pay well. Our \$1-
500,000 irrigation system of pure, cold
mountain water is one of the best and most
dependable in the southwest. It supplies
ample water for our thousands of acres of
orchards, groves and vineyards, as well as
for domestic purposes.

The Poultry Industry at Fontana is fos-
tered by our immense White Leghorn
farm, with its thousands of pedigreed
birds and its incubator capacity of 48,000
baby chicks at a hatching. Co-operative
feed buying and marketing of eggs cut
down costs and bring honest profits. Our
experts assist poultry beginners by su-
pervising the building of their model
plants and aiding them in all ways.

Fruit growing and poultry raising under
the Fontana Plan combine to form a de-
pendable income builder. Hundreds of
families on the Estate are already occu-
pying attractive homes among the or-
chards, groves and vineyards and are
prospering.

We are offering—while they last—units of
5 acres or more of choice orange and grape-
fruit groves (a few 2 1/2-acre units) at only
\$850 to \$1250 per acre, with a down pay-
ment of only 40 per cent; the balance on easy
terms over 5 years.

A few fine irrigated vineyards left at \$550
per acre on easy payments.

Water rights go with all land sold.

We will help build and finance your house
and poultry plant.

Call on us, phone or mail the coupon.

What Will Winter Do to Your Roof?

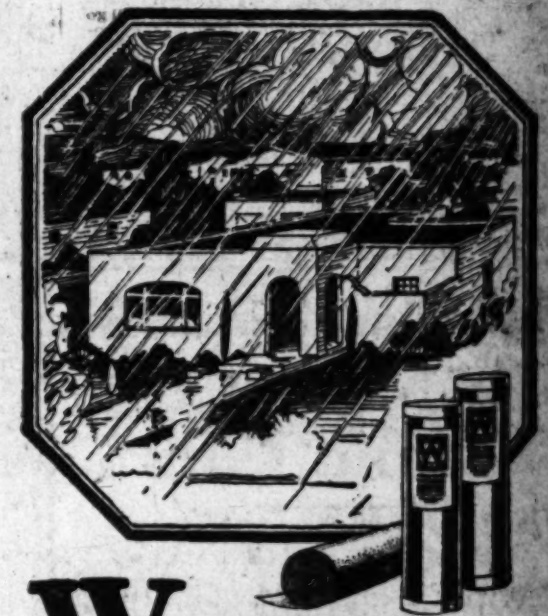

This is a danger-time for your roof.
Wintry rains hurl against it. A
semi-tropical sun beats mercilessly
down.

Ordinary roofing wears rapidly away
before these constant attacks. Dis-

But Weaver Roofing is especially
made for such severe treatment. It's
made to stand more years of service
---and guaranteed not to leak.

Experienced builders realize that
this unusual climate needs an un-

OBSERVATIONS

INNOCENT BYSTANDER

W.M.H.

Some bright young man has compared the cases of Charlie Paddock and Bill Tilden, both of whom have encountered difficulty with the ruling bodies of their respective sports.

The same thing goes for Tilden. Everybody believes that the United States representative should be selected sufficiently in advance to enable them to get some good practice together.

One thing this writer overlooks, however. He forgets that both Paddock and Tilden made the mistake of talking too much.

Everybody in his right senses thinks Paddock had a perfect right to go to Paris and compete in the intercollegiate games, despite the protest of the A.A.U. Not everybody, however, thinks Paddock did the wise thing in bursting into print with a lot of charges and statements which didn't do anybody, including himself, any good.

Thirty-four U.S.C. Entrants in Relay Carnival

Trojans Enter Ten Speeders for Sprint Events

With the exception of one event, the medley relay, Coach Dean B. Cromwell has decided on his entrants to represent the University of Southern California in the Midwinter Relay Carnival which is to be held under the auspices of Occidental College Saturday on Patterson Field.

Cromwell has selected thirty-four Trojans to take part in the track festivities. U.S.C. has ten sprinters entered in the college novice and open 75-yard dash events.

Keith Lloyd, Carl Lowe, Bert Stary and Herschel Smith will compose the Trojan 440-yard, four-man relay team, while the four-man mile relay team, which will be made up of J. C. (Tessie) Moore, National Interscholastic quarter-mile champion, Scott Howe, Field Thompson and Harold Lovejoy.

Cromwell has decided upon three of the six men for his medley relay squad. Percy Nierbach will be anchor man, finishing up with a 460. Aden Hughes and Thurmond Clarke will each run a 440, while three men yet to be selected will run 220 yards each.

Earle Wilson is the only Trojan entrant in the running broad high jump and Howard White and Charles Bickmore are entered in the open pole vault. J. G. Anderson, Kenneth Spencer, Charles Wright, Keith Sarcander, Manuel Ruiz and Bickmore are enter in the college novice pole vault event.

The running high jump finds Benny Herald, Bayard Ryder and Melbourne Ostad representing the University of Southern California.

Washington Need Not Fear Opposition to Pasadena Game Say Cortelyou and Davis

BY A. P. NIGHT WIRE
SAN FRANCISCO, Dec. 5.—University of Washington doesn't need to worry about the conference stepping into the breach to prohibit the proposed game at Pasadena with the Navy on New Year's Day.

It has been pointed out that when college delegates meet tomorrow at Berkeley there might be obstacles placed in the path of the annual East-West contest. This, doubtless, has come about because of the agreement reached by the conference that post-season games are to be undertaken only after due consideration, and then only when the game is supervised by college authorities.

Both Paul Davis, graduate manager of Stanford, and R. W. Cortelyou, who exercises similar supervision over the athletics at California, were in San Francisco today.

While declining to speak for the college representative, neither felt there will be any opposition raised to the Washington-Navy game.

"Of course," said Davis, "the conference may ask whether this game is to be handled by the colleges. It will be an easy matter for Washington to have her graduate manager in charge at Pasadena, with someone else also representing the Navy. Under such conditions I am quite sure there can be no objections raised."

WILL REVIVE ASCOT PARK

Auto Speedway, Turf Track and Rodeo Stadium to be Completed by January First

A five-eighths of a mile speedway, a track for horseracing, a rodeo stadium and a general all-round amusement center with big stands seating 10,000 spectators were announced yesterday by George R. Bentel, former owner of Ascot Speedway. The new plant, which will also be known as Ascot, will be completed in time for opening January 1, according to Mr. Bentel's announcement.

Motor-car racing between the greatest dirt track drivers in the world is promised and anyone who ever saw the races on the old Ascot track will testify to the thrills provided by the hard-boiled throttle shovers. Mr. Bentel plans to stage races weekly for a while and will bring drivers and cars from the dirt speedways of the East.

RACING POPULAR
The new speedway is located near Lincoln Park, just off Alhambra Road and is secured by a long-term lease. The project is backed entirely by Mr. Bentel and his former partner in the old Ascot track, Mr. Edgar Brown, and work is already under way at the new plant. The opening event is scheduled for the first Sunday in the new year.

"The time for motor racing to take its place alongside baseball and kindred sports has arrived," declared Mr. Bentel last night. "I have just returned from the East, where, in Chicago, Indianapolis and other cities weekly motor races are conducted before huge crowds each Sunday. No one who witnesses a race on the 'back-to-nature' tracks soon forgets the attendant thrills. I know many Los Angeles speed fans long for another glimpse of the old Ascot thrills incidental to events between drivers who are real champions."

FOR CLEAN SPORTS
The new Ascot Motor Speedway will be dedicated to clean sport as was the old plant, and there will never be less than sixty thrills a second during the time the drivers and cars are in action.

Pomona College Basketball Outfit to Meet Riverside Saturday

SAGEHENS OPEN COURT SEASON

Coach Schott Has Only Two Vets Reporting

Large Squad Grooms Pomona Hoop Mentor

Football Stars Will Play on Court Five

(EXCLUSIVE DISPATCH) CLAREMONT, Dec. 5.—Light will be thrown on the Pomona College basketball situation here Saturday night when the Riverside Junior College quintet will invade local territory for the first practice game of the season.

The Riverside crew is always a formidable contender in the Southern California junior college league, and is reported to have a speedy outfit this year. The Sagehens, therefore, will have a big contract on their hands to hold the Riverside team after a brief period of preliminary practice.

Tonight was the first full-strength practice of the season, and about thirty men trotted out on the big gymnasium floor at Coach Carl Schott's whistle. Although practice was ragged and showed a discouraging lack of teamwork, there seems to be material enough to indicate a fairly successful season ahead.

Last year Pomona stood about halfway up the conference list, with victories over Whittier, Caltech and Occidental counterbalanced by defeats from Southern Branch and Redlands.

Paul Papadakis, captain and guard, is up to his old tricks again this year, and deeper in his foisted status, promises to foot many a six-foot forward.

Wendell Loberer will be back at forward with a good eye for the hoop. There the good news stops. Braver Dyer, three-year man and the life of the party, will be badly missed, as will his brother Brainerd. Macy Chambers also graduated in June.

The Sagehens have been traditionally weak at center, but this year may prove an exception. Earl Merritt may see Schott's selection to start, although his game leg as a hangover from football may prove a handicap.

Osborne, six feet six, who played center for Riverside Junior College last year, looks like a likely contender for the berth. Litchfield, who was on the squad two years ago, and Lynn Wiggins, El Monte's contribution, are also in the running.

Eddie Shaw or Jack Jensen is expected to start with Papadakis at guard Saturday. Shaw has been on the squad three years. Jensen played for the frosh last year.

Schott will undoubtedly play the or two new men in the Riverside scrap to try his material out. Among the promising candidates for early substitution are Ed McCully, Dick Worden, Virgil Dahl, Joe Loberer, Robert Johnson, Ray Gillingham, Lowell Wilson, Gordon Manning and Carl Young.

Several classy boxing contests have been arranged for the Burbank weekly state entertainment.

Harry Whitman of Burbank will clash with Al Lundy of Los Angeles in the main event. Both boxers are considered terrific punchers in the welterweight division and have defeated some of the best in their class.

The semi-wind-up will be between Gilbert Gallant trading blows with Joe Burns, Minneapolis lightweight sensation. Other bouts are as follows: Dick McCarron vs. Pancho Manila, 124 pounds; Joe Doody vs. Sam Brooks, 126 pounds; Pee-Wee Jensen vs. Battling Carr, 110 pounds. James J. Jeffries will referee.

CLINTON DEFEATS BALTIMORE CUEIST

(BY A. P. NIGHT WIRE) NEWARK (N. J.), Dec. 5.—John A. Clinton of Pittsburgh, today defeated Dr. Richard M. Roscow of Baltimore, 250 points to 155 in the fifth round of the national amateur 18.1 ball-line billiards championship being played here.

Clinton got off his 250 in thirty-two innings, having as his biggest run a thirty-two and his average for the game 7.24. Dr. Roscow clicked off 41 for his high run, but was unable to average more than 6.21 for the match.

Long Beach Expected to Trim Glendale in Saturday's Play-off, But Dynamiters May Surprise

BY BRAVEN DYER

Trying to figure the outcome of Saturday's clash between the Glendale and Long Beach High School football teams is about as easy a task as dusting off the clouds, and fans who are prone to indulge in pregame speculations, either monetary or otherwise, will do well to give the Dynamiters a second thought before they back the Jackrabbits too heavily. The big noise is scheduled for 2:15 o'clock at the Coliseum, and will in all probability be the last local prep game of the year.

Coach Normal Hayhurst's tribe is just the kind of a gang to spring a surprise and beat the Beach eleven. They are truly a remarkable team, combining a great fighting spirit with lots of speed. Without exception they are the fastest gridiron machine in lining up and getting off plays that we have seen this year. Although this is due in a large measure to the fighting spirit which Coach Hayhurst has instilled into his light line, it would be utterly useless were it not for speed of the Red and Black backfield men. The Elliotts, Walton and Ryan start like ten-foot sprinters and Roland West, who in good shape, is no worn-out, slow-starting truck horse.

Undoubtedly it was the speed of the Dynamiters that enabled them to trim Santa Monica by a 27-to-0 score. Dutch Shutt's team had gone through the Bay League rivalry game with the Long Beach team, and were popular favorites to continue their winning streak at the expense of Glendale. But the light line of the Hayhurst machine started out with a great rush, and once Walton and Howard Elliott found they could get through the Santa Monica front, the game became a walk-a-way. Going on the basis that Santa

SPECIAL SHOT

WINS AT TIMES Tennis Star Urges Taking a Dying Chance

Recalls Occasion Where Love Dive Copped

Circus Seat is a Dandy in Crucial Moment

BY WILLIAM T. TILDEN, World's Champion Tennis Player 1920-21

(EXCLUSIVE DISPATCH) PHILADELPHIA, Dec. 5.—One shot often wins a match. I do not mean the one with which the ultimate winner actually closes the match, but the shot that saves him when certain defeat seems staring him in the face. I can recall several famous incidents where the ultimate result can be traced to one special shot.

Manuel Alonso tells me that Vincent Richards won the Mexican championship by virtue of a circus shot. Alonso was leading 4-4, 15-15 in the fifth set, match point. He drove to Richards's forehand. Richards drove and came in, Alonso returning down Richards's forehand sideline. The boy dove through the air and recovered with a volley to Alonso's backhand. The Spaniard took the ball on a half volley and drove it sharp, low and fast, cross-court, seemingly a certain winner.

Richards, running full speed, hurried himself heading at the ball, malleed it deep to Alonso's forehand corner where it fell flat on the baseline for a clean earned point. Richards himself fell on his face for the first time in the match. He was so sure of himself that he easily netted the next point and ultimately lost the game and the match. Not only did Richards's circus shot actually save the match point, but it broke Alonso's morale so that Richards won the championship.

SAVES MATCH Billy Johnston saved a match in the Davis Cup 1920 against Col. Kingscott of England when (twice in the same point) he dropped his racket and ran to the net.

King'scott recovered one but missed the other. The score at the moment was 3-3, 20-15. Kingscott, leading in the fifth set. Only these marvelous recoveries of Johnston saved him and allowed him to win the match.

I will always believe that my crazy circus shot, a running drive off a smash that passed Johnston's head, helped me to win 4-4, in the final round of the 1923 American championship was the real turning point of the match. His surprise and sudden defeat in a set he had held even, shook even Johnston's iron nerve.

CIRCUS SHOT I am a great believer in the value of trying the circus shot at a time when you are thrown hopelessly out of position. There is nothing to be gained by a weak return that will be killed. You lose in any case, and the circus shot, but the circus shot can win. So go out and try it.

Never try a circus shot just for the point of making it. An ordinary shot will win. Never waste breath chasing a shot that seems hopelessly out of reach unless it is a vital point in the match. If it is a vital point, chase it until you drop on the court.

Sometimes a player carries his running after the impossible to almost ridiculous lengths in the eyes of the spectators. Many unthinking people say that Manuel Alonso, B. C. Norton, Vincent Richards and I chase shots "just to show off." I do not. I chase them because I am willing to do that by my willingness and ability to chase them at any time we may save a match in a pinch with a circus shot in an ideal case. I have made without our previous training with chasing other shots of the same type.

LOOK TWICE My advice to all players is never to admit a point is lost until the ball has bounced twice. It is almost impossible to make a shot on a tennis court that a man cannot put his racket on if he is willing and trained to run. Anticipation is sometimes born in a player, but more often it is acquired.

Once your opponent feels that you will put back his best shots, he will try to do the impossible and in so trying will fall into error. So go out for every shot. And when you are in a pinch and win yourself a championship by a circus shot in the pinch, you feel amply rewarded for all your efforts.

ARMY AND NAVY TEAMS PLAN MANY CONTESTS

ANNAPOLIS (Md.), Dec. 5.—There is prospect that West Point cadets and Annapolis midshipmen will clash in three winter indoor athletic contests, in addition to the spring events, for which dates already have been arranged.

The annual basketball game will take place February 23 at West Point. Negotiations are pending for the football and track and tennis matches. The first match between the two teams will be held tomorrow.

SOCCER RIVALS TO CLASH

Hot Game is Looked for at Washington Park Next Sunday; Sons of St. George vs. L.A.A.C.

Life around the Sons of St. George soccer section contains just one topic of general interest to all and that is their match with the Los Angeles Athletic Club team next Sunday at Washington Park. To both teams this game will be of vital importance for the winner will in all probability be at the head of the league when the season closes.

The Sons' eleven is being carefully selected from the eighteen players allowed by the Association and each man's ability is under the examination of the provincial microscope in the hope that some feature will be discovered which may be used to advantage against the Blues. The selection committee have no easy task before them. One weak spot in either the attack or defense is likely to result in a handsome silver cup and twelve gold medals being presented to the opposing team. This applies equally as much to the Athletic Club as to the Sons.

It will be just as possible for either team to net a couple of goals in the first five minutes of the game as to stage a goalless battle of ninety minutes' duration. The only thing that is certain is that two exceptionally fast teams, who are evenly matched will fight one of the most bitter soccer battles ever seen on the Pacific Coast.

Jockey Parke Pilots Five Winning Nags

(BY A. P. NIGHT WIRE) NEW ORLEANS, Dec. 5.—Jockey Ivan Parke, regarded as one of the greatest lightweight riders seen here in years, piloted five winners at the Jefferson Park track today and finished second in the other event of the program. With today's victories he has won half of the races at the track since the meeting began Thanksgiving Day.

In the first race this afternoon, a five and a half furlong event, Parke rode Hoel Foot to second place, overwhelming Royal Martin in the last stride. Wireless, with Martin up, had taken the lead at the half mile, however, and Parke won the race in order.

Of the thirty-six races run, including those of today, Parke has ridden in thirty-three. He has piloted eighteen winners, placed four, run third in three and was unplaced in eight.

QUINLAN SCORES HIGH DESPITE HIS INJURY

(BY A. P. NIGHT WIRE) DENVER, Dec. 8.—Capt. Arthur Quinlan, diminutive quarterback of the University of Colorado football team, ranked second in individual scoring in the Rocky Mountain Conference this season, despite a broken right hand that prevented his participation in two games.

Red Hartshorn, halfback on the eleven led by Quinlan, scored the greatest number of points with twenty touchdowns and one converted goal—a total of 72. Quinlan's record was 68 points, made with seven touchdowns, three field goals and seventeen goals after touchdowns. However, quarterback for the Colorado Argies, was third with 48 points.

L. R. BLAKE WINNER IN BOTH CUE TILTS

In the 13.2 tournament at Stevens' billiard parlors last night L. R. Blake defeated Eugene Stanley 90 to 102 with an average of 3 and a high run of 13. Stanley's handicap was 120. In the first game Blake defeated Archer 100 to 167. No games will be played at Stevens' today. The play in the three-cornered tie will start tomorrow. The first match between two parlor champions will be held tomorrow.

CHANCE IN PENSION BUREAU HUGE SAVING

(BY A. P. NIGHT WIRE) WASHINGTON, Dec. 5.—Reorganization of the Pension Bureau has resulted in an annual saving of approximately \$246,000 in salaries and \$100,000 to pensioners, said a special report to President Coolidge today by Secretary Work.

BIRTH CONTROL CLINIC ACTIVE

New York Institution Treats Nine Hundred Cases

Police End Attacks on Mrs. Margaret Sanger

Women Will Seek Action of Legislators

(BY A. P. NIGHT WIRE)
NEW YORK, Dec. 5.—Nine hundred cases have been accepted at a birth-control clinic on Fifth avenue which has been in semi-secret operation for nearly a year. Margaret Sanger, oft-arrested president of the American Birth Control League, disclosed today at a public jubilee luncheon of 400 prominent men and women. The clinic is believed to be the first in the United States to continue in operation undisturbed by the police for any length of time. When Chief Inspector Lacey learned of the institution on Fifth avenue he ordered detectives of the district to begin an immediate investigation of its methods and clientele.

In Brooklyn, in 1914, the last public attempt to conduct a birth-control clinic, was met with a raid by the police and the arrest of Mrs. Sanger, Ethel Byrne and Fannie Mindell. Mrs. Byrne was sentenced to Blackwell's Island and released by Gov. Whitman after an eleven-day hunger strike. Mrs. Sanger has been arrested several times since, and has served at least one thirty-day jail sentence.

A movement was started at the

public today to petition the State Legislature to amend the penal laws to permit licensed physicians to give patients contraceptive information in public and private practice.

Dr. Dorothy Becker, former director of physical education in several universities and active head of the Fifth-avenue clinic, announced she would undertake a national campaign to spread birth-control education among doctors to supplement a similar campaign already in progress among laymen.

SEVERAL CITIES ACTIVE

New York, Boston, Cleveland, Minneapolis and San Francisco are among the largest cities, where birth-control leagues already are organized.

Only married women have been treated at the Fifth-avenue clinic during the eleven months of its operation, said Dr. Becker. Its work had proved so beneficial to mothers—most of them already sick from rearing children, too poor to properly care for those they had, or threatened with death from further child bearing—that charitable institutions, hospitals, parishes, nurse organizations and doctors, who at first kept relations with the clinic secret in fear of the police, gradually had come openly to send patients there.

Without exception those who appealed for medical aid or information professed a religion—33.5 per cent of them Protestant, 32 per cent Catholic, 31 per cent Jewish and 9.5 per cent all other denominations.

Mr. Have Shot Self in Grief Over Daughter

(BY A. P. NIGHT WIRE)
JANESVILLE (Wis.) Dec. 5.—Crazed with grief over the accidental killing of his 6-year-old daughter, who had accompanied him on a hunting trip, W. F. McGowan, a farmer, is believed to have shot himself to death.

Their bodies were found in a field today. It is believed the girl, tramping along with her father, was killed when his shotgun was discharged while he was crawling through a fence.

The father's body, with a wound through the heart, was found a few feet away.

WIFE PROPOSED TRIP

Then his wife told him she would make a short visit to her mother in Los Angeles, he said. Instead, he said, she went to Tijuana. He did not know where she was until about three weeks ago, he said, when she came back to Los Angeles, and told him that she had become so accustomed to life in the border resort that she could not give it up.

Chiros admitted firing five shots at his wife, three of which took effect, resulting in her death. He then turned the gun on himself.

Wash Your Clothes the "EASY" Way

Is wash day a drudgery? Does it take up too much time? Does it over-tax your strength?

Or do you send your clothes to the laundry or employ a wash woman? Both of these ways are costly—to say nothing of the possible unnecessary wear and tear on clothes.

Get an EASY electric washer; with no more energy than is required to put in and take out clothes, it will wash the clothes quickly and well.

—See the Easy demonstrated.

—Note how it washes with SUCTION and AIR PRESSURE, without dragging, jerking or pulling the clothes.

The Easy method is simple to understand—the revolving vacuum cups move up and down sixty times per minute—on the down stroke they force the soapy water through the mesh of the garments—on the up stroke they draw the water back through the mesh. A thorough cleansing process, forcing all dirt and foreign substance out of the garments without dragging or injury to the clothes—and without any work on your part.

Try the "Easy" washer at home. With no obligation on your part.

We will send a man to demonstrate it.

Just drop us a card or phone Broadway 3940.

We do this gladly because we know the "Easy" Vacuum Electric Washer will give you the greatest freedom from wash-day drudgery.

A small first payment, then an average of 2.50 a week—just about what you save on the weekly laundry bill.

PHARAOH WILL STAY IN TOMB

Howard Carter Near End of Long Exploration

Scientists to Remove Wall Around Canopy

Examination Planned to Aid Archaeology

(BY CABLE AND ASSOCIATED PRESS) LUXOR (Egypt) Dec. 5.—The work of removing the partition wall between the anteroom and the sepulchral chamber in the tomb of Tut-Ankh-Amen was completed today, by which time the white-clad native laborers had carried out several dozen basketsful of stones, plaster and dust.

Tomorrow Howard Carter, head of the expedition, will take down the screen of planks erected to protect the great canopy, or outer shrine over the sarcophagus, after which he will be free to set about the task of thoroughly investigating the outer walls of the shrine to see how it is fitted together before attempting to remove it.

The fact that the sepulchral chamber was hollowed out of a rock to a level more than three feet lower than the floor of the anteroom will increase the difficulty of the operation. The space between the doors of the outer canopy and those of the second shrine within is only nine inches and the interval between the sides may be even less.

It is understood the heads of the expedition have definitely decided that on no account will the mummy of Tut-Ankh-Amen, if it actually lies within the shrine, be removed to Cairo; the whole examination, archaeological and medical, will occur here on the spot, after which the mummy will be left in its sarcophagus within the tomb.

Mr. Carter expressed the sincere hope that the Egyptian government will close the tomb altogether and leave the Pharaoh to continue his slumbers undisturbed, once the necessary information of importance to archaeology and the general sum of human knowledge is derived from a study of the remains.

HIRAM HURT BY INDIANA INDICTMENT

Johnson's State Manager in Campaign is Close to Accused Governor

(EXCLUSIVE DISPATCH) WASHINGTON, Dec. 5.—Hiram Johnson's chances in the Indiana Presidential primaries have been considerably lessened, observers here say, by the fact that his State manager is a right-hand man of Gov. McCray, under indictment on a variety of charges. John Moorhead, political lieutenant of Gov. McCray and a powerful figure in State politics, is the man picked by Johnson. At the time he was chosen it was conceded to be a strategic move but recent events have changed the aspect of the situation.

It is believed here that Republicans of Indiana, seeing the danger of a split over Johnson and his policies, will unite in support of Coolidge. P. M.-Gen. New, Senator Watson and all factions of the party are being urged to get behind President Coolidge. It also is likely that Republicans will urge party leaders in Indiana to exert their efforts to make the State Republican in national politics without regard to the State situation brought about by Gov. McCray's difficulties.

Tom Taggart and his henchmen are said to be grooming Senator Ralston for the Democratic nomination. Party leaders here are emphasizing the necessity of supporting Coolidge to offset the possible Democratic nomination of a "favorite son" in Indiana. Senator Watson's possible candidacy also is a cause of more arguments by Coolidge supporters seeking a solid front in Indiana.

EDUCATION WEEK PROVES SUCCESS

(EXCLUSIVE DISPATCH) WASHINGTON, Dec. 5.—The observance of American Education Week this year surpassed all previous years in effectiveness, according to an announcement of the Department of the Interior through the Bureau of Education. The movement swept the entire nation, from the largest centers of population to the most remote villages and hamlets. It is too early yet to estimate the definite accomplishments in the way of bond issues, new schools and new projects originating from or carried through by the drive, but it is certain that the concrete results will surpass anything in a similar period of time in the history of education in America.

ROAD CONSTRUCTION APPROACHES RECORD

(EXCLUSIVE DISPATCH) WASHINGTON, Dec. 5.—The mileage of surfaced roads in the United States including sand-clay, gravel and macadam as well as those which have been paved is well over 400,000 miles, according to the Bureau of Public Roads of the United States Department of Agriculture. At the close of 1921 the surfaced mileage was approximately 247,000 miles and 35,000 miles were constructed in 1922. It is believed that the 1923 construction will not fall short of the previous year's record and that by the end of the present year the surfaced mileage will be somewhere near 420,000 miles. This figure, it is believed, makes due allowance for the fact that a portion of the 1922 and 1923 construction consists of the resurfacing of roads reported as surfaced at the beginning of 1922.

Don't know what to get him? How Santa would chuckle over that! For Santa knows all about the wonderful stocks at Hamburger's, knows they contain just everything HE could possibly wish.

Men's smoking jackets, 6⁵⁰ to 45⁰⁰

House coat, if you like, for these are by no means confined to the man who indulges in smoking! Many another man would welcome such a gift for the comfort it brings to his hours at home! Suit coat laid aside, house coat slipped on—"This is something like" says the man of the house as he stretches out for a quiet evening. A group of "Warum-bo" coats, (every one registered) has created much interest among women buying for men. Priced 25.00.

Nearly 300 different color combinations—some of reversible woollens—contrasting collar and cuffs—some braid trimmed, some corded—all well tailored and all smart. (First Floor)

A sweater for the go'fer!

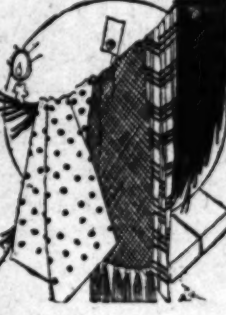

Also for the man who drives, for the man who prefers it to a house coat, in fact for any man. One will add immensely to his comfort while about the house mornings and evenings. And, you can rest assured that the better looking the sweater, the more 'twill be appreciated. 5.50 to 40.00! (First Floor)

A shirt for the boy!

May be had for anywhere from 1.00 to 3.95! There are plain white ones such as every boy wants—even demands on occasion. Madras, percales, chambrays—that brave the suds of wash day without the slightest inclination to fade—that defy for a long, long time the hardest wear a boy can give them. You can't get him too many. (Second Floor)

Scarfs—the "rage" in the East

A subtle compliment to a man's good taste! Smart, and mighty comfortable as an added protection when driving. Scarfs from Switzerland and England—silks and wool in color combinations to intrigue the conservative and appeal to the younger man. 7.50, 10.00, 12.50 and 15.00 (First Floor)

Every gift packed in a gay Christmas gift box—saves you trouble, time and money!

Charge purchases made now and up to December 24, payable February 1.

Really the only difficulty is in choosing many things! You want to give him all of each seems to be just the thing he'd like. Consider these few suggestions:

Robes for every man, 5.00

Bath robes, lounging house robes! Robes for minute a man wants comfortable in his own home. Warm blanket robes the mighty good after a shower. Colors for the servative individual and man who likes "Splashy." 5.00 to Terry cloth robes which ample leeway for a man indulge his love of color. We have seen such for color. 12.50, 16.50 and 18.50.

Silks and velvets, luxurious beauties! Full three-quarter length, kimono style or the short model. Priced 17.00 to 125.00. Wool house 12.50 to 35.00. (First Floor)

Silk pajamas have a "Giftie" look

Besides being something man can use! Very fine silks, 22.50 and 25.00 weight silks, 9.00 to 12.00! And for those who prefer good looking pajamas—English pajamas, 7.50, satin pajamas, 9.00, corded madras pajamas, 2.15 to 3.00. (First Floor)

Sweaters in school colors

6.45 and 8.95! Those Shaker-knit kinds a fellow can slip into in a hurry mornings. That he can ball in—that he can wear any place! School colors also the plain white beige so many are for. (Second Floor)

A suit the boy will like

10.75 to 25.00—for the boy he may assume an independent attitude toward clothes in general, deep down in his heart he's mighty proud of smart togs! Every suit in the Boys' Section, all sturdy, long wearing, that defy the hardest wear a husky boy can give them. Sizes 11 to 18. (Second Floor)

Boys' warm o'coats 18.00

And up to 30.00! All colors, all styles and all sizes for the boy up to 18 years. The best looking coats we could find in the market, the best tailoring, the best fabric—at the price. A gift he'll enjoy more than just one Christmas.

Give him a tie! They are priced 50c to 1.25 and offer wide, wide choices. Handkerchiefs too, he will welcome. Three in a box, 65c, others 85c. Children's handkerchiefs, three in a box, 35c and 50c. (Second Floor)

PICO BOULEVARD

THE GREAT AXIS OF DEVELOPMENT

Do you know the geography of your city and the reasons for the future of its different parts?

Fix the picture in your mind. The city is based at the river. Industry naturally establishes itself there. Next comes the downtown business area, and then the residential section.

The greatest home area of Los Angeles—middle class, high class and highest class—is bounded on the north by the mountains, on the east by downtown business and industry, on the south by flat industrial lands and the Baldwin Hills and on the west by Santa Monica Bay.

The axis of this area is Pico Boulevard. Starting at the river, in the heart of the industrial area, and passing through the center of the future business and shopping district, it runs through the center of the great home section to the nearest beach.

Pico will be a 100 foot wide boulevard and business street 16 miles long—from Santa Fe to the sea. Its retail development already extends for four and a half miles from Main street west.

Pico runs from work to play, flanked with homes all the way—from beehive to clover field—from the valley of toil to the mountains of inspiration. It is the great central highway—the busy man's beeline—the business backbone of one of the greatest and grandest residential areas on earth.

Seen in its setting the logic of its situation is indisputable. Business is headed for Pico and out Pico at a racer's gait.

Our purpose is not to boost prices on Pico property, but to help bring Pico into its proper development for the harmony, economy, progress and prosperity of our city.

Organizing a Company?

The success of your financing and the progress of your business depend largely upon the form of your organization. Whether your Company should be a corporation or a "common law" company; its capitalization; kind of shares, negotiations for permit to sell securities, etc., are matters concerning which organization specialists may render valuable aid. Your organization matters can be promptly and efficiently handled through this office, all legal work being supervised by a staff of organization attorneys of many years' experience.

Capital for Financing

Have you an organized Company in which shares or stock may be sold to investors, or have you a contemplated company that you desire to quickly finance? My financing service includes details of presenting company stock or shares to Los Angeles investors. Every new project cannot succeed by this or any other plan, but if your proposition is meritorious you can expect quickest and surest returns only when your investment offer is presented to selected known investors and "followed up" by personal salesmen under direction of our Sales Manager. There is ample capital in the Los Angeles field for any new project of merit.

Before organizing your company or deciding your financial plans, you are invited to consult with me or my associates personally. Many years in Los Angeles and many pleased clients attest to the satisfaction of my service. Call, phone or write.

Market Expert Looking for
"Something Radical"

Sees No Deflation; Contrast
in Values Made

BY HUGH McELROY

New York "Commercial"

In a season where all precedents have been shattered to the four winds, it would seem that past history is of little worth as a guide for the future. Yet since much higher prices than those now ruling were reached only three years ago, it will be interesting to consider the conditions then existing, since comparisons with our present surroundings may throw some light on what the future may have in hiding.

It will be remembered that in July, 1920, twenty months after hostilities ceased, the price of cotton in New York touched 42 1/2 cents. Today it ranges around 35 1/2 cents.

What was the cotton famine in the summer of 1920? No.

American cotton in July, 1920, was the world's supply of the staple. The American cotton crop of 1920 was 6,214,000 bales on July 31, 1920.

What is the outlook for carry-over on July 31, 1924? If the impossible could happen and the world's needs were supplied by the mills, the carryover would be only 10 per cent of that of 1920.

If cotton sold at 42 1/2 cents with a carryover of 6,000,000 bales, who can forecast the limit of price in a famine year like the present?

It is evident that something very radical must occur within the next eight months and spinners the world over are debating the best means to "cut the suit to fit the cloth."

BY WAY OF COMPARISON

When comparison with 1920 is made, it must be remembered that, in addition to 6,000,000 bales of raw cotton carried over, a big new crop was coming on, and there were enormous quantities of every sort of textile goods in army supplies, ranging all the way from the heaviest duck tenting and tarpaulins. All of these goods were finally found their way back into domestic consumption, in competition with raw cotton and spinning. In many instances, after ginning in the season started, mill warehouses were practically empty of goods, and the result was a four months' boycott by housewives and another small crop in prospect.

Could a more striking contrast in supplies be imagined, especially when comparing 1920's high prices with present market quotations?

Viewed in terms of buying power of currency, it is probable that 25 1/2 cents now to the producer is relatively as high as 42 1/2 cents was in 1920. But the world's affairs have since been put in fair order, and are still mendacious daily. There is nothing on the horizon to cause a repetition of the deflation of 1921, and the value of a cotton crop of 2,000,000 bales for the world's needs remains to be revealed in the future course of prices.

LOS ANGELES EXCHANGE

In a market that was strong in all departments, popular favor found its best expression yesterday on the Los Angeles Stock Exchange in the two mining leaders, Tom Reed and Yellow Dog, the former jumping 5 cents and the latter 5 1/2 cents.

United Eastern pursued the opposite course, and sold down 5 1/2 cents.

Oil shares were generally strong, and moved up fractionally. Shell Union advanced 1-4 at 15 3/4, and 48 U. S. Royalties climbed 1-4, advanced 1-4 and Associated Oil advanced 1-4 at 26 1/4.

Tom Reed opened the session at 45 1/2, and finished at 49. Yellow Dog opened at 12 1/2, and finished at 17 1/2.

A gain of 2 cents was recorded for Los Angeles Investment at 132. Los Angeles Gas preferred was up 1-2 point at 89.

Bonds were active, but variations in the price level were small. Los Angeles 7 1/2 of 1931 sold at 103 1/4. While the Pacific Electric 5 1/2 of 1943 fell off 1/4 to 102 1/4. A loss of 1-4 was taken by San Joaquin series "B" of 1925 at 96 1/4, and one of 1-8 occurred in Union of California 6s at 100.

Following are the closing quotations and sales:

AVERS SHE SUPPORTED SPOUSE

Story of Actress Wins Divorce

Colleen MacArthur

COLLEEN MACARTHUR, actress, had to work to support her actor-husband, Alfred MacArthur, she testified yesterday in Judge Sumner's department of Superior Court. When she was on an engagement he would quit, she told the court, but he was able to get engagements when compelled to support himself. The actress and her husband have played both on the legitimate stage and in the films.

DAUGHTERY CALLED IN BAY CITY CASE

COMMISSIONER TO TESTIFY IN ASSERTED STOCK-JUGGLING TRIAL

Corporation Commissioner Daugherty has gone to San Francisco to testify in the case of the State against a group of asserted corporate stock manipulators headed by J. J. Eisman and A. B. Abrams. The personal subpoena for Daugherty is due to the fact that Eisman's license as a broker was revoked by the Los Angeles office of the Corporation Department. Other defendants in the present case are Holmes Ives, N. J. Whelan and P. I. Penetrat, and all were indicted last May by the San Francisco county grand jury following a series of complaints from individuals who had become interested in the stock.

The defendants are said to be members of interlocking directorates of several companies, incorporated in some cases under the laws of Delaware, and in others under those of California.

The principal Delaware company, the Bankers Mortgage and Discount Company, is said to have been organized at a time when Abrams's California license was also under suspension.

INJURED IN FALL

John Duddleson of Inglewood, a plasterer, was probably fatally hurt in a fall from a scaffold while working on the new Broadway entrance to Grauman's Metropolitan Theater at Sixth street and Broadway yesterday afternoon. He struck his head on the sidewalk and sustained a basal fracture of the skull. He is 30 years of age.

Another Power Plant Started in Owens Gorge

By a "Times" Staff Correspondent RIVERSIDE, Dec. 5.—Another chapter was written yesterday in the history of the Owens River gorge power development, for which the city of Los Angeles Power Bureau has been fighting with the Southern Sierras Power Company for two years. It came in the form of an announcement by A. B. West, president of the Southern Sierras Company, that work has been started on a new power plant on the gorge to cost \$300,000 and develop a total of 15,000 horsepower. The original plant, which was completed in 1921, will be used as an auxiliary plant. It develops 3750 horsepower.

NOME WAGE CLAIM CASES BEING HEARD

WITNESS SAYS HE WORKED NINETY-SIX DAYS, WAS PAID \$12

Hearings were begun yesterday before Deputy Labor Commissioner Barker of a group of claims against the Eldorado Development Company, which for some years has been conducting expeditions to Alaska, where the company has claims totaling 6000 acres of land in the Cape Nome district, said to be gold bearing. On at least two of these expeditions the ship has been wrecked and the party of 100 or more stranded.

As a result of one earlier expedition, W. H. Moore, secretary of the company and director of the voyage, was tried in the State of Washington on a charge of fraudulent stock dealing, and freed after disagreement of the jury. The only witness yesterday was Albert Nave, who testified he paid \$100 in cash for stock of the company, and was engaged at a wage of \$6.50 a day for the season. He worked ninety-six days, he said, and has received only about \$12, which was given him for immediate necessities, he testified.

A number of other witnesses are to be heard and the hearings will be resumed at 10 o'clock this morning.

RELIGION IN RUSSIA THEME OF ADDRESS

Speaking on "Religion in Revolutionary Russia" before the City Club yesterday, Rev. E. B. Backus, pastor of the First Unitarian Church, declared that much that is said about religion in Russia is propaganda against that country and its present governmental system. The attitude of the Russian leaders in regard to religion is an individual attitude, he said. "What we need today all over the world is an extension of the spirit of brotherhood, a greater number of men who can form their opinions without prejudice, and in love and understanding," said the speaker.

Trade Boosters to See Brawley Winter Exhibits

A large delegation of Los Angeles business boosters is planning to attend the Third Annual Mid-Winter Show to be held by the Brawley Chamber of Commerce, the 12th to 15th insts., inclusive. According to word received by Frank Wiggins, secretary of the Los Angeles chamber, the Brawley chamber has arranged to take the party for a drive over Imperial Valley next Thursday. A special train will leave with the Los Angeles boosters next Wednesday at midnight, arriving at Brawley at 7:30 a.m. Thursday.

Arrangements have been made with the Southern Pacific for a special low round-trip fare. Returning, the tickets will be good leaving Brawley up to the 16th inst. Charles P. Bayer, manager of the local organization's service department, has charge of arrangements.

ACTION AGAINST ESPEE

Victor Ledesma brought an action in the United States District Court, yesterday against the Southern Pacific Railway, to recover \$50,505, alleged to be due on account of an accident that occurred in the vicinity of Ventura, March 8, 1923. His automobile was wrecked, and he was made "sick and sore," the petition stated.

MANY SEE ONE-MAN HOLD-UP

A profane but spectacular bandit held up W. A. West shortly after 2 p.m. yesterday in front of the Pacific Electric Station at Sixth and Main streets while scores of spectators looked on in amazement and escaped in the crowds about the station with the victim's wallet containing \$90. It was the most daring crime reported to police in many months.

The daylight bandit approached his victim from the rear. Near the corner he called out: "Say there, friend."

West, who resides at 1631 East Thirty-eighth street, swung about at the shout.

"I think you're mistaken," he said.

"No, I'm not," was the bandit's calm rejoinder. "Give it to me."

"Oh, h—l," the bandit ripped out, following this up with a string of profanity.

Before West really knew what was happening the desperado stuck a small revolver, around which he had wrapped a handkerchief, into the victim's side.

Then he reached around and fished the wallet from West's hip pocket. Grinning broadly, the bandit swung about and dashed away and lost himself in the crowds of commuters and shoppers.

West told police he believed the bandit had followed him from a dentist's office at Fifth and Main street, where he had gone to have his teeth looked over. While at the dentist's, he said, he removed the wallet from his coat pocket and placed it in his hip pocket. He believes that the bandit saw him transfer the money and then followed him into the street.

A detailed description of the desperado was given to police by West and a squad of patrolmen and detectives are now seeking him.

NINE AUTOS STOLEN

Variety of Cars on Missing List of Theft Bureau

The following automobiles were reported stolen yesterday to the Theft Bureau of the Automobile Club of Southern California:

Sears touring, 144-286; Ford touring, 504-514; Studebaker sedan, 303-333; Chevrolet touring, 55-050; Oldsmobile touring, 275-905; Hudson touring, 459-032; Ford roadster, 298-627; Chevrolet touring, 575-146; Studebaker sedan, 614-821.

Extensions of Congested Area Are Protested

The proposed extension of the boundaries of the congested district as far south as Pico street and as far east as Central avenue and west to Figueroa street was postponed yesterday by the City Council and will be reconsidered this afternoon by the Public Safety Committee. At today's meeting of the committee automobile dealers will be heard by the committee on their protest against the extension of the congested district to Automobile Row.

Attorney David Smith, representing the automobile dealers, told the Council yesterday that the proposed extension will interfere with the transactions of customers who are compelled to park their machines in front of the automobile dealers' places of business.

The question of whether the films or the greasers are doing more good in the world will be debated this noon at the weekly meeting of the Los Angeles Optimists Club at the Biltmore. Will Rogers, famous comedian, will argue for motion pictures and Rev. J. Whitcomb Brougher, pastor of the Baptist Temple Church, will uphold the preachers. Federal Judge Blodgett will judge the debate. The All-Star Optimists Trio will furnish the music.

New Gas Tank is to Relieve City Streets

With a storage capacity to supply 5000 gallons per month—the monthly average family—for a year, the new 18,000-gallon gas tank, owned by the Electric Corporation, at sixth street and Main, is now in service. The corporation's second gas tank, being a duplicate of the first, was built last year at the same place.

The southwest city, in which the tank is situated, will receive the benefit in the way of service. However, the added storage capacity, reducing the "peak" gas manufacturing and equipment and the strain on the system.

The new holder of the tank has a diameter of 10 feet. Together with the water in the tank it weighs 78,000 lbs., approximately 773,000 lbs. included.

At the luncheon of the club today at the El Comodoro Club, 611 South Broadway, Mark Koppel will give the subject, "Education."

New Gas Tank
is to Relieve
City Show

With a storage capacity to supply 5000 cubic feet per month—the needs of a large family—for a period of years, the new 10,000-gallon tank, built by the California Electric Corporation, at sixth street and Eleventh, is now in service. This is the second gas tank built last year at the gas plant, being a duplicate of the first one. The new tank is situated, in which the new gas service will be bettered. The added storage capacity, together with the new equipment and the new strain on the entire system, will be a great benefit to the city. The new holder is 22 1/2 feet in diameter and 20 feet high, with a capacity of 10,000 gallons. It is built of steel and weighs 75,000 lbs. It is situated at the intersection of Sixth and Eleventh streets, near the gas plant. The cost of the tank is approximately \$75,000.

FLASHES
UNIVERSAL BUSY
TO GO IN FOR BIG THINGS COMING YEAR

By Grace Kingsley
A season of prosperity is promised for Universal, according to present indications. According to William Koenig, production manager of Universal City, it is likely that two new directors and at least one new star will be added to Universal's forces when the annual plans and policy of the organization are formulated, following the return of Studio Manager Julius Bernheim, which return will occur next Tuesday. Bernheim has been conferring with President Laemmle in New York, and the former will have some important announcements to make.

In the meantime it looks as though Universal has two more world beaters with which to follow "The Hunchback of Notre Dame" and "The Merry Widow." These are "The Turn of Mind," which Hobart Henley directed and which is now completed, and "My Mamie Rose," just finished by Irving Cummings, with Mary Philbin starred. This picture, it is said, will place Mary Philbin at the very pinnacle of artistic success as an actress.

It is quite likely that Irving Cummings will later make a film version of a French best seller, "Miti," by a French woman whose pen name is Dely, with Mary Philbin starred. This gives intimate glimpses of French social life, and it is said provides one of the greatest roles any screen actress has ever had. In the meantime, however, while Miss Philbin works with King Baggot in a film version of F. A. R. Wylie's story, "The Inheritors," Mr. Cummings will direct two specials for Universal. The first will star Herbert Hamilton, and will be a melodrama. Claude Gillingwater has been added to the cast of "The Inheritors," and will have an important role in the picture.

Trixie Trips Light Fantastic
Trixie Friganza is learning classic dancing from Theodore Kosloff. That is to say, she is taking lessons.

"I went down to Kosloff's Russian ballet school," said Miss Friganza. "There were mammas sitting all around the walls, watching their darlings in the throes of learning how to dance. Over in a corner was about 5 cents' worth of kid, practicing leaping her leg up to the top of a bar and holding it there. It looked so easy! I went and stood by the child, thus giving by contrast an illustration of Mount Baldy. Kosloff came over and spoke to me, and led me away for a talk. All the mammas were grinning, thinking to themselves, 'I suppose, my gawd, is that old girl going to try to learn to dance? Ain't it awful at her age, too?'"

"One of the mammas brought her daughter over to speak to me," Miss Friganza, she exclaimed. "I tell my daughter if she keeps working after a while she will be just like you! Daughter was tall and willowy—one of those girls that if she fell down she could be half way home. Daughter looked me over, and didn't seem to think it would be such an incentive to work."

"Then I put on an overgrown pair of rompers that I had especially made, and Mr. Kosloff and I went into session, while the classes went dancing about, and kind of covering me from the gaze of the mamma brigade. I tried to touch the back of my head with my toes, but my knees were going to be on what you'd call familiar terms with my cranium. I could see that at once. They're never going to marry because of being too intimate. My poor old lady, muscles on the back of the legs said, after the first trial. 'Now that'll be about all!'"

"I went on a strike. Then my spine cracked like a Fourth of July celebration, and I was through for the day."

"However, I'm sure this classic dancing will do me lots of good—if I live!"

Irene Franklin Humored Engaged
From authoritative sources come the rumor that Irene Franklin, famous vaudeville star, now in New York, is engaged to marry Albert Moore, husband of the late Lillian Russell, and successful business man of Pittsburgh.

"Ideal Husband" Next
Oscar Wilde's "Ideal Husband" is to be the next attraction at the Fine Arts Theatre, to follow "R.L.R." Wilkes, director, has her hands full these days. Not only is she rehearsing "Secrets," the Margaret Lawrence play which will succeed the Duncan Sisters show at the Majestic, but she is likewise attending to all details concerning the casting and production of "Ideal Husband," with rehearsals to begin shortly.

Franklin Panghorn, who made his Majestic debut four years ago in the leading role in the Wilde piece, will play the same role at the Fine Arts Theatre, while Katherine Van Buren, who is scoring in "R.L.R.," will have the leading feminine role.

Olive Page, who has been gaining success in leading roles at the Community Theatre in Pasadena, has also been cast in an important part in the play.

Stock Is Awaited
The visit of the stock is eagerly awaited at the home of George Whiting and Sadie Hurt Whiting, vaudeville stars of the Orpheum circuit.

Mr. Whiting has purchased a beautiful home here, and the two have settled down to domesticity for the first time in their vaudeville careers. They are among the best liked vaudeville artists in the world, being almost as well known abroad as in this country.

Fox Engages Comedians
Felix Fox is overlooking no opportunities in injecting a big comedy kick into his program of "A Woman Who Sinned." He has secured that famous quintet of comedy kings, Hank Mann, Snitz Edwards, Clary Fingers, Hugh Fay and Ethel Teare, to take the "calm" out of "comedy." These support the featured players, Mae Busch, Irene Rich and Cullen Landis. Morgan Wallace also has an important part. The director-producer has hired a palatial yacht on which to make

Chorus Girls to Take Back Simple Names

The chorus girls of "Artists and Models of 1923" at the Shubert Theatre, New York, who are sponsoring the movement to restore simple and wholesome given names members of the ensemble in place of fancy and ostentatious names that have been in vogue the last few years, have appointed a committee with Edna Starch, as chairman, to take charge of the campaign. The committee will seek endorsement of the movement by writing to chorus girls who are appearing in current musical productions, to girls who have been on the stage and who have retired to private life and to girls who are planning to go on the stage.

"The public often gets a wrong impression of chorus girls," says Miss Starch, "because of a tendency on the part of the latter to give themselves fancy names. We of 'Artists and Models' are in current musical productions, to girls who have been on the stage and who have retired to private life and to girls who are planning to go on the stage."

LIFE AMBITION WAS TO FILM "VIRGINIAN"

Tom Forman, erstwhile Texas cowboy, is said to have realized a life's ambition when he conceived the film version of Owen Wister's classic, "The Virginian." This picture comes to the Mission Theatre Monday, following the four weeks' engagement of "The Acquittal," which closes Sunday night.

Beginning with Forman as director, the film had the services of two other men with vast experience in the western cattle country, Louis D. Lighton, former cowboy, was cowpuncher at one time, while Col. William Hawley, personal friend of Wister, contributed historical atmosphere. Kenneth Harlan appears as the hero, with Florence Vidor as the pretty school mistress, and Russell Simpson as Trampas, the outlaw cattle rustler. Raymond Hatton, Pat O'Malley and others are in the cast.

"ZANDER" IS NEXT MASON ATTRACTION

"Zander" is the next attraction at the Mason, opening Saturday night, the 13th inst. It is the first Charles Frohman show to appear on the Pacific Coast this season.

"Zander" is Salisbury Field's comedy of true love and Arizona cowboy bootleggers that enjoyed a late spring and an all-summer run at the Empire Theatre, New York, and has since been in Chicago. The engagement at the Mason will be for nine days, opening Saturday night, with regular performance Sunday evenings.

The comedy will bring back to Los Angeles one of the most popular actresses ever seen on the local stage, Lillian Albertson. The author, Salisbury Field, has been a California actor for the past sixteen years and makes his home at Santa Barbara.

DISCONTENT SECRET OF THEIR SUCCESS

"The Waning Sex," the current attraction at the Egan Theatre, is the fifteenth successful play from the combined pens of Frederic and Fanny Hatton, and the reward of this work, according to the interesting couple, aside from the material comfort it has granted them, is the realization that we can all get from life exactly what we desire. According to the Hattons, once you know this truth, this power of attainment is yours to exercise—all things become possible to you.

"The reason more people do not get the results they want from life is because they are not sufficiently discontented," says Fanny Hatton. "If you hate your surroundings enough to move heaven and earth and your own inertia, you are in the mood for success. If during this period of discontent you are to be a constructive maneuverer the affirmative result is certain!"

ACTION AND THRILLS IN "ELEVENTH HOUR"

A story full of action and thrills is promised in "The Eleventh Hour," starring Charles Jones and Shirley Mason, opening at Tally's Broadway Theatre Sunday for one week only. The recent Fox production, "The Fast Mail," famed for its racing incidents, is being followed by "The Eleventh Hour" as a thriller. Charles Jones performs some of the most daring and difficult feats of his career during his interpretation of Brick McDonald, the Irishman of mystery, in this production. So also does Shirley Mason, who is giving a new twist to her characterization in portraying the role of Barbara Hackett, heiress to millions and trouble.

MUSICAL
PICTORIAL PROGRAM
JOHN SMALLMAN EVIDENCES PROGRESSIVE TASTE

By Edwin Schallert
Nothing is more welcome to the concertgoer than a spirit of adventure in music, the willingness to enter new fields of composition, and prove that the present, as well as the past, has something to offer the listener. The pioneering impulse is too often absent at the time of recitals that are heard during a season, but for once it was abundantly to be found in the program given last night at the Ebell by John Smallman.

Mr. Smallman is a singer whom everybody interested in music should know. He gives a recital annually, and though the attendance may not always show it, he has built up an audience from among the discriminating, who are loyal in their interest, and secure in the assumption that they will hear something to attract and even to impress them.

I might say that the program which he sang last evening was his own, and that he had chosen it in point of novelty. It even introduced such a rarity as an excerpt from "Die Tote Stadt," the opera by Erik Korngold, in which Marie Jeritta made her American debut.

Included, besides, the music of the Russians and the French and of exceptional personal charm, a group by three resident musicians, each of whom played his or her own accompaniment. The actual song program was interspersed with violin renditions by Sol Cohen, which for the most part were light and pleasing and were received with great enjoyment.

Mr. Smallman struck a very happy vein in his offerings right from the outset. The majority of his songs reflected the mood of the picturesque, in the delineating of which he seems perhaps most successful. I would not say that his interpretations lack a certain depth, but his style is chiefly colorful and he has a range of expression in the very best of taste.

"The Sembranza," by Moussorgsky, was a humorous excursion that captivated the majority of the listeners early in the recital. This offered a quaint repetition of Latin words that became more amusing as the song goes on. The student who is supposed to be memorizing them for punishment, relates the anecdote of his transgressions between going over the unfamiliar words again and again.

Trishmanoff, Gretchaninoff were other composers whose songs were comprised in the Russian group, proceeding which was given, "In the Country," a Belgian folk song, "Soft-Footed Snow" by Sigurd Lae, and the rare Russian song, "Maria di Rudenz," by Donizetti.

I hardly know how to pick and choose in the French group, but to me personally the "Au Pays," by Auguste Holmes, the "Dinanche a Laube," a Brittany folk song, with its quaint and individual reiterations, the "Carnival," by Felix Fourdrain, were the best. "Au Pays" and "Carnival" in particular are both descriptive, the accompaniments as played by Miss Lorna Gregg, having been especially clever and effective.

Prizes also for Sol Cohen, Mrs. M. Hennon Robinson and Elinor Readek Warren, the composers of this city, whose work exemplified good musicianship and a tendency toward pictorial impressions. A word also here for Charles Wakefield Cadman's whimsical "June on the Boulevard," as played and repeated by Mr. Cohen.

I could say a great deal about the bright little Chinese Mother Goose Rhymes by Bainbridge Crest were it not that this might exclude mention of that masterpiece, the "Tantled de Pierrot," by Korngold. This is a rare metatrical painting in music and rather deeply impressed. It was followed by the "Leithe" by Bott and "The Last Hour" by Kramer, both well done. Mr. Cohen's violin solos included "The Gentle Maiden," by Cyril Scott; Rondino, Beethoven-Kreier; "Toy Soldier's March" (repeated) by Kreier; "La Gitana," by Kreier; "Twilight," Massenet-Higbal, and two numbers of Cecil Baurleigh's.

An exceptional concert in many ways was that presented by Mr. Smallman.

MANIA FOR DANCING BRINGS DIVORCE SUIT

Declaring his wife developed a "mania for dancing" sixteen years after they were married, Isaac Graff yesterday filed suit for divorce against Jeanette Graff. About the same time, according to Graff, his wife became infatuated with another man who, he charged, visited Mrs. Graff at his home, 1720 Scott avenue, in his absence. The couple were married in Cincinnati July 12, 1907, and separated November 21, last, according to the complaint, which was prepared by Attorney Norval J. Cooper. Graff asked the custody of two minor children.

COMEDIAN ENTERTAINS GAMUT CLUB

Will Rogers Says Chief
Job is to Point Way to
Doug and Mary's Home

Will Rogers, former horseback rider on the plains of Oklahoma and lately the spokesman for the bareback beauties of the Folies, went visiting last night. As the guest of honor at a banquet given by the Gamut Club, an organization of artists, Will proved himself to be a real artist, if not some-what of an artist, and his remarks brought forth a tremendous response from the club members.

"I went broke two years ago trying to make clean pictures," Will said, "so I had to go back to the stage to recoup my fortune. I'm back again and making pictures again. Producers said the reason I failed was that I lacked the principal of motion-picture art—the so-called 'sex appeal.' Well, I finished a picture the other day and the woman folks are going to have a chance to see me in something new. A clever little incident inserted in the plot, thought up by myself and on advice of the producer, is going to show me in an old-fashioned night gown trying to rope a mouse in my bed room. Maybe I will be a success after all."

The actor said that in all his varied experience as an after-dinner speaker, he had addressed but one former meeting of artists.

"I feel out of place here," he said, "but I know your music must be excellent. The standard of music must be measured in the

manner in which it appeals to the low-brow. I enjoyed the selections very much."

Will declared that of late he had little time to devote to picture making and spanking his three children. His home, situated at the foot of the hill of the Pickford-Fairbanks estate, is constantly visited by tourists inquiring the way to Mary and Doug's home, he said.

"When I am dead I hope the artists will remember me by placing a statue of me at my front door, my hand pointing to the north to Aunt Mary and Uncle Doug's place," Will said. "That's been my main occupation since I've been in Beverly Hills and my greatest public service."

Victor Edmonds of Toronto, Can., accompanied by Otto Morando, gave several vocal selections which were well received. Leon Berladsky, violinist from Moscow, presented numbers of rare note. Among others who took part on the program were Mrs. Electa F. Perry, John Westervelt, Vivian Hart Strong, Hilda Holte, Gage Randolph, Dorothy Lewis, Mary George Booth, three sisters, Mary Lehy, Emma Lehy and Beatrice Lehy, who presented a novelty musical number, and a quartet composed of Mrs. W. M. Mabey, Fred Simpson, Mrs. T. W. Unland and Lester H. Castle.

Negro Liberator Plans Republic for Black Race

Rev. Capt. J. E. Lewis, dusky minister, master mariner, ship constructor and empire builder, also president-general of the Liberator Transportation Steamship Company and Church of God Line; omnipotent potentate of the International Ethiopian Promoters of the World; Bishop of the Church of the Living God and allied interests, sailed yesterday for San Francisco aboard the liner Harvard.

He said that in the Bay City he will purchase the famous old Navy collier Brutus, to be used as a nucleus of the fleet which will eventually carry all members of the black race in America back to their homeland, especially the Republic of Liberia. The Brutus, said Capt. Lewis, will sail from Los Angeles Harbor for Monrovia, West Coast of Africa, February 5, next, on her maiden voyage, carrying 2,000 tons of freight and 200 African passengers. Returning, he announced, she will have a full cargo of diamonds, gold, platinum and various kinds of precious stones with which he said Liberia abounds.

"The black man has no future in this country," said Capt. Lewis, "and within the next decade you will find us happily established in the new empire of Ethiopia, our ships girdling the world and our trade invited in every port."

Rev. Lewis is remembered at the port as the builder of the Ark of the Living God, which sank while being launched amid colorful ceremonies at the port three years ago.

Accused Negro Slayer Jurors Are Still Out

The jury deliberating on the case of Lawrence M. Johnson, colored business man of Central avenue, tried in Judge Avery's court on a charge of murdering May 23, last, Harry L. Harris, 33 years of age, failed to come to an agreement last night and was locked up at midnight. It is rumored that the jurors stood eight to four for acquittal.

According to Dep. Dist. Atty. Costello, who prosecuted the case, Harris was shot down at Twentieth street and Central avenue when he responded to a call for help from his brother, Morris, who had previously quarrelled with Johnson.

Joe Ford and E. B. Ceruti, counsel for the defendant, based their plea for acquittal on the ground that Johnson acted in self-defense. Mr. Costello asked the death penalty.

Education Head in Cabinet Plan Discussed Here

Discussion of the proposed incorporation of a Federal department of educational under a new cabinet portfolio, and election of officers for the forthcoming term, featured the meeting last night of the Los Angeles unit of the Intercollegiate Physical Educational Association at the Serrano Intermediate School.

Dr. Frederic Woellner of the Department of Education, University of California, Southern Branch, was the principal speaker. He outlined the claims of both proponents and opponents of the proposed Federal plan.

R. E. Munsey was named president, John C. Burke first vice-president, Beatrice Webster, second vice-president and Beis F. Marshall, secretary and treasurer.

LEGION HONORS NIX

Los Angeles Attorney Picked As Post Commander

Lloyd S. Nix, Los Angeles Harbor attorney, was unanimously elected commander of San Pedro Post No. 65, American Legion, last night, succeeding James H. Dodson, Jr., Commander Nix was vice-commander the past year and it was due to him, Dodson and the past second vice-commander, Arthur Wilson, that the post obtained a \$25,000 home the past year.

Other officers are Dr. H. W. Clayton, first commander; P. J. McDaniels, second vice-commander; John Gower, chaplain; C. Makutehan, sergeant-at-arms; Murray Brennan, treasurer; Edwin Tate, adjutant and V. Rapp, historian. Installation will be in January.

MISSION CONDUCTS RALLY

An all-day meeting will be held at the Union Mission, 308 West Avenue, thirty-three, tomorrow, beginning at 10 a.m. Dr. Fredric W. Farr will speak at 11 a.m. Luncheon will be served at noon, and will be followed by a people's meeting at 1:30 p.m. and an address by Dr. G. A. McLaughlin at 2:30 p.m. There will also be a Mexican meeting, in Spanish, at 7:30 p.m.

MacCLAIN IS ACCUSED BY OTHERS

Two Women Tell Police
He Had Promised to Marry Them

The names of two additional women were added yesterday to the list of asserted victims of Grover MacClain by Detective Lieutenants Zeigler and Wallis. MacClain, however, will be returned to San Francisco tomorrow to face a charge of grand larceny, sworn to by his bride of a month, formerly Miss Lillian Breslaw, San Francisco heiress.

MacClain may possibly face an additional charge in Los Angeles, in case he should go free in the Bay City, according to Lieut. Zeigler, who stated Miss Jean Gardner, 22, of Los Angeles, had reported that MacClain, representing himself to be a prominent automobile racing sportsman, had obtained \$200 from her on a promise to marry her.

Miss Peggy McCracken, also of Los Angeles, yesterday told the police that MacClain had promised to marry her, the officers announced. He failed to carry out his promise, she said.

MacClain was arrested last Saturday at the Biltmore Hotel. His arrest followed a month's search by his wife, who had reported throughout the State. She charged that MacClain had stolen \$500 from her pocketbook, their honeymoon fund, two days after they were married.

Last Rites for Veteran Actor Will be Today

Funeral services for Herbert Standing, 77 years of age, veteran actor of stage and screen, will be conducted at 2 p.m. today from the funeral parlors of W. A. Brown, 1333 South Flower street.

Mr. Standing died early yesterday at his home, 3054 Leeward avenue. He had been critically ill for five weeks, and his health had not been regarded good for several months.

He leaves a widow, Mrs. Jean Standing, two daughters, the Misses Grace and Joan Standing, and five sons, Wyndham and Herbert, Jr., of New York, and Sir Guy, Percy and Aubrey, of London.

IMPROVEMENT SOCIETY

The next regular meeting of the Southwest Improvement Association will be held at the Fifth-second street school auditorium Friday night, the 15th inst., at 8 o'clock. This association is the reorganization of the Fourth, Figueroa and Hoover Street Improvement Association. There will be a short entertainment followed by regular business, after which Councilman Ralph L. Criswell and others will speak.

Try This New Easy Way to Stop Pain

Why Take Heart Depressing Products? There is Something Better and Safer

Headaches, rheumatism, neuritis, toothache, and other common pains need be dreaded no longer since the perfection of a remarkable formula which is now being prescribed by thousands of doctors.

Doctors report that this new formula known as SED-A-VOL, stops any pain almost instantly and with absolutely no ill effects of any kind, but instead a pleasant refreshing sensation.

Step into the nearest drug store and get a package of SED-A-VOL for a few cents. Take a couple of tablets right there. If it doesn't stop your pain in five minutes the clerk will return your money.

An Art Which Avoids
Commercialism

YOUR CHOICE of the Piano you intend to give this Christmas depends purely upon its suiting your particular requirements. Why not let us show you the SCHUMANN.

Here is a piano designed and built to realize an ideal—to create every instrument so that it will be worthy of the name it bears. Both Uprights and Grands are constructed along the lines which impart to rare violins their beautiful tone. The same principle imparts a wonder tone to the piano.

The builders of the SCHUMANN have never sacrificed the art of piano construction to commercialism. Every piano meets the same exacting standards. You will appreciate this when you hear the SCHUMANN.
